URBAN SELECTION

Urban Selection is our finest premium evening blend! We've added a few extra touches to our milder **URBAN** beard oil to expose your manliness and boost your confidence.

The selected blend creates a special, warm and radically potent manly character that blends perfectly with a fine vintage of wine, cognac, whiskey or a bottle of an old special ale!

URBAN

For all those casual moments your beard needs to look tidy, but still maintain that genuine “urban hunter” character.

We’ve blended 100% natural and highest quality jojoba, sweet almond and castor oils to give your beard a shiny and healthy look and highlight that radical urban character.

The unique and smooth blend of Urban beard oil will keep your beard soft and regenerate and moisturize the skin underneath.

CREATIVE

BEARD OIL RANGE

HACK

This is our tribute to all the geeks, developers, designers and hackers, the rock stars of the new era.

We did some radical hacks ourselves and have developed our smartest formula from 100% natural and highest quality jojoba, sweet almond, castor and hazelnut oils that will keep your smart, geeky beard soft and ready for that important meeting in the morning.

The perfect blend of fruity and woody scents will keep you creative, focused and productive.

CRAFT

Workers unite! We've designed this special blend for all you craftsmen, laborers and union members that like to get your hands dirty and look good and tidy doing it.

This blend of 100% natural and highest quality jojoba, argan, sweet almond, hazelnut and castor oils will protect your beard against dust, fillings, sparks and other filth while keeping it moisturized, soft and shiny.

The fresh and woody character will keep you focused, creative and determined!

MOVE

The coolest, crispiest and edgiest beard oil blend in our collection. Specially designed to withstand extreme and “unpleasant” conditions like soft powder, hot tropical sun, salty ocean water and smelly mud.

With this in mind we've blended 100% natural and highest quality jojoba, argan, sweet almond and castor oils to virtually impregnate and moisturize your beard and protect your skin from frost bites, sunburns and sand scratches.

MURH

— WHEN NOTHING ELSE MATTERS

MOVE EXTREME

Our sickest and most heavy duty blend designed for the biggest and most extreme sport enthusiasts and adrenaline junkies. So if you're thinking deep powder, boiling sea, muddy trails and hurricane winds, this is your best bet!

We've enhanced and upgraded our **MOVE** beard oil formula to help protect your beard and skin from dust, cold, sun, salt and other "unpleasant" things.

RIFF

Riff is the meanest, heaviest and most badass blend in our collection. Whether you are rocking it hard up on the stage or getting mental down in the pit, your beard is now safe from you and your buddies sweat and spilled drinks.

It wasn't easy but we've managed to come up with a blend of 100% natural and highest quality jojoba, sweet almond, hazelnut and castor oils to protect your punk rock beard and keep it all soft and shiny while also regenerating your skin for the next morning.
