

Filip Flisar tests his signature CARVER balm in the Planica wind tunnel!

PR – XXXX (Four Cross) mustache wax range by Filip Flisar launc – 7. 12. 2015

It has been almost a year, since a Slovenian ski cross racer, world champion, X-Games silver medalist and two-time Olympian **Filip Flisar** released his signature mustache wax collection and a series of radical test videos. Since then, an epic beard has updated his distinctive mustache look, which now calls for a completely new treatment and approach.

With the bar set so high from the last heavy-duty product collection, Filip and the guys at **Rædical** had to go back to the drawing board and design a brand new product from the ground up. After several months of research, planning and development, they came up with yet another 100% natural, high performance and versatile all-in-one formula for beard, mustache, hair and skin – The **CARVER**.

To make sure it can live up to all the requirements and expectations Filip and other XXXX wax cousins have set, they went to the **Planica Nordic Centre** wind tunnel and exposed Filip to extreme high winds generated by a 1,5 megawatt turbine.

To see how Filip and his beard coped with the speed test, watch the new episode of the radical test series below:
